The Bio-Synthesis® is a cosmetic technology intended to be used to enhance the appearance of the skin. The use of LED technology assists topical cosmetic products to be more usable by the skin when applied. The Bio-Synthesis® system is for esthetic purposes only, to be used by licensed estheticians in accordance with applicable state licensing laws. No medical claims should be made with regard to Bio-Therapeutic systems. The Bio-Synthesis® is a LED lamp for the esthetic skin care service environment.

Bio-Therapeutic products and not intended to treat or diagnose any medical conditions.
