

**Bio-Therapeutic**  
Skin Care for life inside and out®

## bt-sonic® quick start guide

1. Read manual prior to using the equipment.

← Open

2. Insert 2 AAA batteries.
  - a. Hold bt-sonic® just under blue button. Twist base of unit counter-clockwise until small white notch on base of unit lines up with small blue notch on head of unit.
  - b. Gently pull to separate the two pieces.

- c. Install batteries.

Close →

d. Line up **WHITE AND BLUE NOTCHES** and replace base of unit. Turn base to right to lock in place. **TEXTURED LOGO** should be at the front, and seams on side of unit should be lined up.

***Note: make sure to install batteries correctly to avoid moisture damage.***

3. Press **BLUE BUTTON** to turn on.
4. Apply to skin with gentle circular motions.
5. Press blue button again to turn off.
