

bt-micro® FUSION

SMOOTH SKIN SIMPLIFIED

The bt-micro fusion delivers exceptional ultrasonic power, bringing professional results into the home care regimen. For the first time, Bio-Therapeutic's legendary bt-micro technology is available for home use! The bt-micro fusion is the ideal skin perfecting tool for exfoliation and product application, featuring industry leading ultrasonic power in a compact, water resistant handheld unit.

Built for beauty and designed to perform, the bt-micro fusion combines sublime detailing, durable alloy construction, and perfect balance, making it ideal for home use. Intuitive 2 button control gives quick access to 3 modes and 2 power levels, while the LED indicators show exactly where you are at a glance, and the new battery design affords longer use time between charges.

The included equipment stand and silicone applicator cover helps maintain a sanitary environment, and the magnetic charger with USB makes charging simple. Taking the bt-micro fusion on the road is simple and convenient with the protective fabric sleeve and silicone carrying case.
