Welcome!

A warm welcome to the *jane iredale* line from all of us who believe that the most beautiful cosmetic you can wear is a healthy skin. That's why every product we bring you not only enhances your beauty, but is also a true extension of skincare.

Our mineral foundations will make your life simpler also because they provide four important functions in one: foundation, concealer, sunscreen and active skincare benefits. If you're an ingredient label reader the way I am, you'll notice we keep our formulas as natural as possible while making sure they perform at the highest level.

Our entire line has been through tests to confirm our products are non-irritating and don't block pores. You can use *jane iredale* with confidence, even if you have the most sensitive skin.

We encourage you to visit our website, janeiredale.com, to learn about each product in-depth and view our application videos.

And now, explore the world of *jane iredale*. The skin you've always wanted is just a brush away.

Jane
